

INLAND SOUTHERN CALIFORNIA CYBERSECURITY SUMMIT

OCTOBER 19, 2017 • 9 AM - 2:30 PM

BOURNS TECHNOLOGY CENTER | 1200 COLUMBIA AVENUE

Cybersecurity threats continue to affect businesses of all sizes and are increasing in sophistication and frequency.

Please join us for a 1 Day Cybersecurity Summit and learn from industry experts about the state of Cybersecurity threats and the need to educate CEO's on the strategic, cross-enterprise value of cyber defense and the importance of moving to a skills-based training approach to protect your enterprise.

Who should attend?

CIOs, CISOs, CTOs, IT Directors, Network and Applications Managers, and students looking to pursue careers in Cybersecurity.
